### International Disaster Relief Program

## Disaster Word Search Puzzle

**Who For?** Cubs of all ages

**Length:** 30 – 45 minutes

**Preparation:** Print out one copy of this document, and one copy of the attached file containing the word search puzzle sheet for every scout. Bring a pencil for each scout.

**About this Activity:** This interactive activity encourages Cubs to learn some of the weather based terms associated with disasters. This will help them think about the weather events that can cause disasters; by working with each term individually each scout should be able to better remember the storm related terms.

### Step #1

Set a time limit for the group to do the word search. Pass out one puzzle sheet for each scout, and allow them to find the words hidden within the letters. Circle the words as they are found. Scout who finds the most words at the end of the time limit wins.
